

Oakgrove Integrated College

Principal: Mrs Katrina Crilly B.Sc(Hons), M.Sc, PGCE, PQH

2 April 2019

Dear Parent(s)/Guardian(s)

I would like to invite you and your child to our Post 16 evening on Tuesday 9 April from 7 - 8pm. Refreshments will be served from 6.45pm.

This is an extremely important event, where we will begin by recognising the work and commitment your child has made in their academic career to date. They are quickly approaching the end of compulsory education and as well as managing the stress of upcoming exams they are planning their post 16 journey.

We want to ensure you and your child are fully informed and prepared to make the right decision post 16. For many, their journey will thankfully continue with us and we know this is the best decision of them.

However, some are not sure and so we want to take some time to discuss the possibilities, the courses we offer, the 6th form facilities and the 6th form experience that we have here at Oakgrove.

Importantly, we will also be providing support and guidance on how to manage the stress of exams and ensure that your child can perform to their best ability in GCSE.

I understand how busy you are but I would urge you to come along to this event as it will give you an opportunity to ask questions and get advice as how best to support your child in the next few months.

I look forward to seeing you on Tuesday 9th April.

Yours faithfully

Katrina Crilly
Principal
